

**Item Name :** Heart with Bypass, 2x life size, 4 parts

**Item Code :** 4185.2008.01

**Item Description :**

The 2x life size model describes all the main structures of the human heart in great detail. The right part is detachable to expose the inner chambers and valves. The left auricle and ventricle wall can be removed to show the atrium, the mitral valve, the ventricle and papillary muscles. Additionally this model shows bypass to the right coronary artery as well as bypass to the left interventricular artery and to the ramus circumflexus
