

Item Name : Pathological Model Of The Lung

Item Code : 4086.2008.01

Item Description :

This 1-part, 2/3 life size model illustrates some of pathologies of the pulmonary system caused by microbial infections (lung abscess, pneumonia and tuberculosis). The surface of the model is black to show the visible effect of smoking. A cancerous tumor is also shown with excellent detail. All pathologies are shown separately in the model with a realistic representation of their morphology.
