Item Name : Recovery Bend Sloping

Item Code : 027.2008.01

Item Description :

Recovery Bend Sloping – Laboratory Glassware for Efficient Flu

Recovery Bend Sloping is a precision-engineered laboratory glassware adapter designed for efficient fluid collection and condensation. M

Key Features

- **Durable Borosilicate Glass** – Offers excellent thermal stability and chemical resistance.
- **Sloping Bend Design** – Facilitates controlled fluid flow, optimizing recovery efficiency.
- **Leak-Proof & Contamination Resistant** – Maintains sample integrity during collection processes.
- **Standardized Joint Compatibility** – Available in various cone sizes to fit laboratory flasks and condensers.

Why Choose Our Recovery Bend Sloping?

Engineered for laboratory precision, this adapter enhances fluid transfer and recovery efficiency. Its sloped structure aids in smooth liquid

Applications

- **Chemical & Pharmaceutical Research** – Optimized for controlled fluid recovery in experimental setups.
- **Biotech & Medical Laboratories** – Ensures efficient sample containment for analytical procedures.
- **Industrial & Scientific Glassware Integration** – Facilitates fluid transfer in manufacturing and testing environments.

Upgrade Your Laboratory Efficiency Today

Improve fluid recovery accuracy with Recovery Bend Sloping, designed for controlled condensation and secure laboratory operations.
